1800.44 TRANSFER FROM A NON-MEMBER SCHOOL - A student who resides in Colorado and who has never previously participated in a member school and who transfers to a member school from a non-member school shall have varsity eligibility at the receiving school.

RATIONALE: Cleans up language to treat all students – whether out of state or Colorado students attending a non-member school, the same.

PROS: Provides a consistent interpretation for all students – whenever they transfer. Supports the transfer bylaws.

CONS: A change in practice – we used to allow Colorado non-member school students to transfer freely into our member schools.
